## Book Overview:

*Stella Santos is fine.*

*Maybe something terrible happened to her that she can't even remember. And maybe it drives her crazy when her friends treat her like she's on the verge of breaking because of it. Maybe it feels even worse when they do what she asks and pretend that it never happened at all. And maybe she's been getting harassing emails and messages for months from people who don't even know her, but hate her all the same.*

*But none of that matters because sheâ€™s just fine.*

*For Ryan Blake, Stella was always that girl. Vibrant and hilarious and beautiful. He wanted her as his best friend. His more than friends. His everything and anything that she would give him. Which these days is a whole lot of nothing. She gets angry when heâ€™s there. Angry when heâ€™s not there. Angry when he tries to talk and when he doesnâ€™t.*

*When Stella devises an unconventional art project for one of her classes all about exploring intimacyâ€”between both friends and strangersâ€”Ryan finds himself stepping in as guinea pig after one of her subjects bails. What was supposed to be an objective and artistic look at emotion and secrets and sex suddenly becomes much more personal. When he hits it off with another girl from the project, Stella will have to decide if sheâ€™s willing to do more than make art about intimacy. To keep him, sheâ€™ll have to open up and let herself be the one thing she swore sheâ€™d never be again.*

*Vulnerable.*

This book is one of best seller books in the world. Many of people very interesting to read this book. So, your life will be regret if you never read this book on your life.
